Safe Water... Our Thrust, Our Service, Our Commitment

Ang septic tank ang pinagsisidlan ng dumi at ihi ng tao at ito rin ang unang nagsasala at naglilinis ng dumi.

Kailangan na mayroong 3 chambers ang iyong septic tank.

Siguraduhing water tight o selyado at naka-semento ng maayos ang inyong poso negro o septic tank.

Nagpa-SIPSIP ka na ba?

Mga dapat mong malaman tungkol sa Management Ordinance ng ating syudad.

Nasasaad sa Ordinance No. 53 o ang Revised General Santos City Septage Management Ordinance na kina-kailangang ipa-desludge o ipa-sipsip ang poso negro ng bawat bahay at establisimento sa lungsod.

Ang sinumang hindi magpapa-desludge ay mapapatawan ng karampatang multa mula sa lokal na gobyerno.
